

Southern Darling Downs Community Consultative Committee

CHARTER

Purpose

The purpose of the Community Consultative Committee (Committee) is for the ARTC Inland Rail Project Team (Project Team) to consult with selected representatives from the community and various interest groups for the relevant Inland Rail Project (Project).

ARTC is seeking from the Committee community input on aspects of the studies required as part of the project approvals process, as well as provision to ARTC Inland Rail of insights into community issues, concerns and opportunities, for the Project.

The Committee will aim to facilitate:

- ▶ broader community involvement in the Project
- ▶ capture of local knowledge, issues, concerns and opportunities
- ▶ increased understanding and awareness of the Project
- ▶ coordination of a more effective response from the Project Team, to emerging issues, concerns and opportunities.

The Charter sets out the scope of the Committee and expectation of behaviours.

Scope

The Committee will:

- ▶ receive briefings and updates on the Project
- ▶ discuss and provide comment or feedback on negotiable aspects of the Project
- ▶ represent community views regarding local issues, impacts and benefits
- ▶ act as a conduit to provide information about the Project to the broader community.

The Committee is for consultation purposes only and is not a decision-making body.

Membership

The aim of the Committee is to ensure representation of diverse viewpoints and community concerns. It is proposed the Committee will be established with approximately 10–15 members from communities along the corridor study area.

The following criteria are proposed to enable assessment of nominations for the Committees:

- ▶ knowledge of the local area, as evidenced by number of years living in the area, family links to the area (i.e. multi-generational farms) or significant landholdings
- ▶ participation in the local community, as evidenced by membership of community groups, business groups, school Parents and Citizens' Associations (P&Cs), local or regional non-governmental organisations (NGOs), but no NGO that is generally recognised as having a state or national focus or reach
- ▶ ability to gather and disseminate information regarding Inland Rail throughout the community and to bring representative views to the work of the Committee.

No person who is a sitting Member of Parliament (MP) or Councillor, or a direct family member (spouse, children, parents) of a sitting MP or Councillor may nominate as a member, nor may any person who is employed by a commercial contractor to ARTC. If a member representing an organisation is unable to attend a Committee meeting, they are able to appoint a proxy as notified to the Chair prior to the meeting.

Membership of the Committee is on a voluntary basis, and no payment is made for participation. However, reimbursement of reasonable travel expenses will be provided, if approved by the Chair and ARTC.

Members will be appointed for up to two (2) years or until the project has gained statutory approval. There will be an annual role and functional review. Adjustments to the Committee, including membership numbers, may be made at this time.

Membership resignations and vacancies

A member's position becomes vacant if they provide their resignation in writing.

A position may be declared vacant if the member:

- ▶ fails to attend more than two consecutive meetings in the calendar year without prior notice
- ▶ breaches the Committee meeting operating principles outlined on the following page.

A new member can be appointed mid-term following a public call for nominations, if a member resigns and the Committee requires an appointment to ensure fair representation from a specific community or interest group within the Project area.

Appointing an independent Chair

The Committee will be facilitated by an independent person, referred to as the Chair, with the ARTC Project Team providing secretarial services and project expertise.

ARTC will appoint a suitable person to serve as independent Chair of the Committee for a period of two (2) years. A Chair will need to be an experienced facilitator and while he or she does not need to live within each project area, they do need to have an understanding of the region.

There will be no limit on the number of terms for which a person may serve as Chair, and a person may serve as Chair of more than one Committee at the same time.

If the position of Chair becomes vacant for any reason, ARTC will then appoint another person into the position of the Chair in the same manner as the initial appointment.

Selection process

Membership of the Committee will be advertised, with calls for nominations from interested parties and residents within the Project area.

Community members who do not belong to a particular interest group, yet have a strong following and are nominated by their local community, will also be considered.

All nominations will be considered and appointed by an independently led selection panel comprised of a representative from an appropriate external body, Department of Infrastructure, Transport, Regional Development and Communications and ARTC.

Appointed Committee members will be notified in writing, as will those who are not selected. The membership of the Committee will be publicised through appropriate local channels and media.

Operating principles

Committee Members

To ensure the Committee achieves its aims, members agree to the following principles:

- ▶ respect the rights and views of other members
- ▶ provide constructive input
- ▶ agree to disseminate information to and gather feedback from the community or group they represent.

Media liaison

Committee members can speak to the media outside the Committee meetings as individuals about the Project, but not as a spokesperson on behalf of the Committee, or the Project. Only the Chair is authorised to speak on behalf of the Committee.

The Committee as a collective may distribute press releases about the Committee. Such releases would be subject to ARTC's prior approval.

ARTC Inland Rail Project Team

The Project Team agrees to:

- ▶ provide regular information on the project, including progress updates
- ▶ participate in discussions regarding community issues, concerns and opportunities
- ▶ where required and possible, organise and participate in site tours with the Committee to broaden awareness and understanding of technical issues (i.e. flooding, stock movements)
- ▶ provide access to technical expertise to explain information and receive feedback.

Chair and Secretariat

The Chair will:

- ▶ organise the agenda in tandem with the ARTC Secretariat and the Committee
- ▶ review draft minutes for approval.

The ARTC Secretariat will:

- ▶ record and draft the minutes from each Committee meeting and provide to the Chair for review
- ▶ disseminate draft and approved minutes
- ▶ enquire as to the status of assigned actions, as per meeting minutes
- ▶ prepare and collate documents required for each Committee meeting
- ▶ support the Chair as required
 - ▶ upload finalised minutes onto the website for viewing by interested parties. Note that published minutes may have confidential information removed
 - ▶ correspond with members out of session as required and manage Chair liaison with members.

The role of ARTC Secretariat will be serviced by either the ARTC Toowoomba or Brisbane office.

Conduct and disclosures

Members must act with honesty, integrity and professionalism.

All nominees (and if appointed, members) must declare any real or perceived conflict of interest and no person (other than a Chair) may simultaneously serve as a member on more than one Committee (although they may nominate simultaneously for membership of more than one Committee or nominate for a Committee while serving as a member of another Committee).

Members must declare all 'real' or 'perceived' conflicts of interest which could be impacted or influenced by the Inland Rail project, including but not limited to:

- ▶ business dealings
- ▶ community interests
- ▶ operational interests
- ▶ commercial interests
- ▶ landholder interests.

Disclosure about conflicts of interest must be recorded in the minutes of the meeting.

Breaches of protocol

A breach of protocol includes failing to disclose a conflict of interest, consistent disruption of a meeting or disrespect towards other members.

Dissolution of the Committee

If it is deemed by Committee members that the Committee is no longer required, the Chair must seek approval from ARTC to dissolve the Committee. Any request for dissolution must demonstrate why the Committee is no longer required. ARTC holds the right to dissolve the Committee at any time, and will notify members in writing.

Note committee members will be appointed for up to two (2) years, or until the project has gained statutory approval.

Operational protocols

Members will be invited to nominate topics or issues for discussion, as will the Project Team, through the Chair. Raised issues will need to be provided to the Secretariat for inclusion on the meeting agenda, and will be allocated a time limit to allow appropriate discussion within the meeting timeframe.

The Committee will meet at an appropriate place and time, as notified to Committee members by the Chair. It is expected that the Committee will meet quarterly (every 12 weeks) on dates and places set out in advance, but may set meetings on a more frequent basis.

Extraordinary meetings may be called by the Chair if deemed necessary, based on significant issues to be tabled and discussed, and will be done so with at least five (5) days written notice to all members.

The Chair will preside as chairperson at every Committee meeting, unless due to unavailability, whereby the Chair may delegate their role in advance to another member.

The Chair may invite Elected Representatives or Government Officials to the Committee meetings as observers. The Chair may invite other persons on an ad-hoc basis to address the Committee on particular agenda items.

ARTC and the Chair may identify and invite individuals who have significant understanding of the local area or specialist knowledge to attend Committee meetings from time to time, as relevant, and actively contribute to those meetings.

On conclusion of the business of the Committee, and time permitting, the Chair will provide the opportunity for observers to ask questions of ARTC.

Meeting minutes will be taken by the ARTC Secretariat. The minutes will include attendance, apologies, declarations of interest; and a record of topics discussed and assigned actions. Minutes will be reviewed and approved for circulation to members by ARTC and the Chair.

The Secretariat will circulate minutes via email to all members. All members must confirm accuracy of the minutes. Meeting minutes that require significant changes should be responded to in writing and forwarded to the Chair, to be tabled for discussion at the next Committee meeting. Amendments of the minutes should be agreed to by members.

Approved meeting minutes are part of the formal report of each meeting, from the Committee to ARTC and other interested parties. Once approved, the minutes are made available on the ARTC website. Any confidential information will be redacted from the minutes published on the ARTC website.

Meeting agendas will be approved by ARTC and the Chair prior to circulation. In general, Committee meetings will be open to the public.

Information dissemination

Members are encouraged to discuss issues and disseminate information about the project with the broader community they represent, including their specific interest groups where relevant.

Dispute resolution

It is not a requirement for the Committee to reach a consensus on issues tabled and discussed. Differing views will be noted and taken into consideration.

For significant issues that result in disruptive or disrespectful behaviour, or where discussions are not making headway, the Chair will call for the meeting to be concluded, and will endeavour to set a process and timeframe for the issue to be resolved outside the Committee meeting format.

Committee members

NAME	REPRESENTATION
Graham Clapham	Chair
Robert Barrett	Individual
Jeffrey Chandler	Individual
Norm Chapman	Individual
Brett Kelly	Central Downs Irrigators Limited
